# 2008 CATALOGUE

WRISTBANDS & HEALTHCARE PRODUCTS

Thank you. You've made a thoughtful choice in selecting PDC products. Welcome to our 2008 portfolio of products.

Since 1956, PDC has been the number one choice for the safest and most reliable patient wristband systems in Healthcare. Since that time, we've been acknowledged as the industry leader, serving more hospitals than all our competitors combined.

As the pioneer in **patient safety through positive identification**, PDC products help protect millions of patients against medical errors, while preventing millions more in associated costs. It's a fact that nearly 100,000 patients die each year in the U.S. due to preventable medical errors, including patient and specimen misidentification. Preventable adverse drug events cost the U.S. between \$17 and \$29 billion per year.<sup>1</sup> Accordingly, the call to improve patient safety through positive identification is at the top of JCAHO's National Patient Safety goals and is critical to ensuring the 5 Rights of Patient Safety (right patient, drug, dose, time, route). Is your hospital meeting the call?

PDC wristbands are an integral cornerstone to the most successful patient safety initiatives used at today's top-ranked hospitals.<sup>2</sup> As the developer of the first single-piece patient wristband, the first bar code wristband system, and the first Smart Band® RFID wristband system, PDC's products meet your needs today, tomorrow, and for the future.

**When it comes to patient safety, leave no margin for error. PDC products place the safety of people first. Working together, we can make a difference. Thank you for joining PDC in this initiative.**

Sincerely,

Gary Hutchinson  
President & CEO  
Precision Dynamics Corporation

## FLIP TO FEATURED PRODUCTS!

PAGE 4

### CompuBand® Direct Thermal Bar Code Bands

Designed to efficiently work with your hospital's current host printing and program systems. Special coated surface protects print and bar codes with no fold over laminate required.

PAGE 8

### Sentry Bar Code LabelBand®

The ultimate in savings, scanability, security, and comfort. Clear adhesive shield protects from solvents for ultimate bar code scanning.

PAGE 31

### Color Coded Alert Bands

Standardized wristband color code system provides positive classification and superior safety, while meeting state standardization initiatives.

PAGE 36

### Blood Bands

Using alpha-numeric serialization for accurate identification, links the patient, transfused blood, for safe and complete blood transfusion.

# AUTOMATIC IDENTIFICATION

## Bar Code Wristbands and Labels

*The Highest Quality & Most Reliable Bar Code Wristbands in Healthcare Today*

PDC developed the first bar code wristband system in 1984, and today more hospitals choose PDC bar code wristbands than any other system in the world. Before choosing a wristband system, consider PDC's unmatched experience, expertise, and proven advantages, which make us the #1 choice in hospitals.

- Over 50 years of experience as the pioneer of positive patient identification.
- Ensure crisp, clear, and compliant bar codes for easy scanability.
- Print on demand with thermal transfer, direct thermal, or laser printers.
- Support text, linear and 2D bar codes, photo ID and graphics.

## Choose from three bar code identification systems

### I Bar Code Thermal Printer Bands, Tags, and Labels

PDC's computer-generated Thermal Printer Wristbands, Tags, and Labels print in mere seconds through direct thermal printers. Special coated surface protects print and bar codes with no fold over laminate required. They're designed to efficiently work with your hospital's current host printing and program systems.

**See the NEW Precision® Infant Thermal Band on page 5!**

### II Bar Code Label Bands

Protect critical patient information with PDC's widest assortment of wristbands for bar code labels and insert cards. Choose from styles that seal patient information under a clear adhesive pocket or shield (such as our top selling **Sentry LabelBand® on p. 8**) or apply labels directly to the **Sentry DataMate® Wristband (p. 9)**, which features a special ClearImage® surface for superior label adhesion.

### III Laser Printer Bands & Labels

For laser printing, PDC's wristband and labels feature a single-piece sheet design for fast and efficient printing. The wristband features a clear, fold-over protective window that protects printed information from smearing and bleeding to ensure error-free reading and scanning.

# SOLUTIONS

## RFID Wristband Solutions

*The Next Advanced Step in Positive Patient Identification After Bar Coding*

The **Smart Band® RFID** system consists of an RFID transponder sealed inside a non-transferable patient wristband for. The system provides automatic positive patient identification and data storage / transfer via RFID read/write devices.

RFID yields larger memory capacities, wider reading ranges, and faster processing times than bar codes. Direct thermal wristband styles are available with adhesive closure, and single-post or double-post one-time-use snap.

To learn more about PDC RFID Solutions, please call **+32.67.89.56.56** or visit **[www.pdc-europe.com](http://www.pdc-europe.com)**

- Help improve system efficiency, tracking, and communication, while preventing data entry and collection errors.
- Read/write electronic storage technology allows for data transfer to and from host systems and data storage.
- Unlike bar code, RFID's non-line-of-site data transmission can be read through and around the human body, clothing, bed coverings, and non-metallic materials.
- Smart Band® Wristbands can be programmed and printed on demand by direct thermal or thermal transfer printers/programmers.
- Use with direct thermal printer/programmers.

The **Smart Band® RFID** system includes an integrated RFID transponder for patient identification and data storage and transfer via RFID read/write devices. RFID yields larger memory capacities, wider reading ranges, and faster processing times than bar codes. Direct thermal wristband styles are available with adhesive closure, and single-post or double-post one-time-use snap. To learn more about PDC RFID Solutions, please call **+32.67.89.56.56** or visit **[www.pdc-europe.com](http://www.pdc-europe.com)**

# BAR CODE THERMAL PRINTER BANDS

## CompuBand® Direct Thermal

- Print in seconds through direct thermal printers, which activate a heat-sensitive thermal coating under the band's protective surface
- Durable, strong, lightweight and comfortable
- New Soft CompuBand features softer material. Ideal for patients with sensitive skin, including babies and the elderly
- Provides high quality bar code for scanning and accurate patient ID
- Supports text, linear and 2D bar codes, photos and graphics
- Tamperproof, secure snap closure

## CompuBand® Adult Direct Thermal

- **New Soft CompuBand** features softer material on 7041S, 7043S, and 7049S
- Also available in 7,6 cm core. Please contact Customer Care for details
- Use with Single Post Snap (see page 5 to order separately)

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands/Box
7041-**-PDM	10 cm L x 2,9 cm H	2,9 cm	3,8 cm	16,5 cm	500
7041S-** PDM		2,9 cm	3,8 cm	14,9 cm	500
7043-**-PDH		2,9 cm	2,5 cm	13 cm	200
7043S-**-PDH		2,9 cm	2,5 cm	9,7 cm	200
7049S-**PDO		2,9 cm	2,5 cm	12,7 cm	340
7055-**-PDO		2,9 cm	2,5 cm	9,7 cm	340
**7340-11-PDM		2,9 cm	7,6 cm	18 cm	500

Substitute \*\* for numbered colour:  11  13  14  15  16  17

White      Blue      Yellow      Green      Red      Orange

\*7340 Style band is available in White ONLY

\*Indexing Bar located at perf is compatible with all Zebra Printers

**TOP SELLER**

*"CompuBand made our [nursing staff] jobs easier because it's a lot less work to scan a bar code than to enter information manually. This change has been perceived as being very positive."*

**- Connie Taylor**  
Patient Care Policy and Procedures Coordinator  
Stanford University Medical Center

## CompuBand® Adult/Pediatric Direct Thermal

- **New Soft CompuBand** features softer material on 7023S and 7024S
- Use with Single Post Snap (see page 5 to order separately)

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands per Box
7023-**-PDM	7,9 cm L x 1,9 cm H	1,9 cm	3,8 cm	16,7 cm	500
7023S-** PDM		1,9 cm	3,8 cm	14,9 cm	500
7024-**-PDH		1,9 cm	2,5 cm	10,4 cm	200
7024S-**-PDH		1,9 cm	2,5 cm	9,7 cm	200

Substitute \*\* for numbered colour:  11  13  14  15  16  17

White      Blue      Yellow      Green      Red      Orange

Actual wristband colours may vary slightly from catalogue.

## CompuBand® Extra Wide Direct Thermal

• Use with lanyard snap (see below to order separately)

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands per Box
7050-11-PDM	10 cm L x 3,5 cm H	3,5 cm	3,8 cm	6,3 cm	500
7056-11-PDH		3,5 cm	2,5 cm	10,2 cm	200

Available in White ONLY

## Precision® CompuBand® Snaps

Product Number	Description	Snaps per pack
8613-00-PDJ	CompuBand Lanyard Snaps	250
8615-00-PDJ	Single Post Snaps	250

## Precision® Infant Thermal Band

Precision® Infant Thermal Band wristbands provide positive patient identification for newborns using bar code technology to help ensure patient safety.

- Provides a flat surface for best bar code scanning results, eliminating curvature issues
- Special coated direct thermal surface protects print & bar code from water, soap & hand sanitizer
- No fold over laminate required to protect printed information
- Accommodates most thermal printers
- Easy to apply adhesive closure ensures safety & security
- Available in White or Snuggly Bear® pattern

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands per Box
7701-11-PDL	3,8 cm L x 1,9 cm H	2,9 cm	3,8 cm	12 cm	400

# BAR CODE THERMAL PRINTER BANDS

## ScanBand®

- Provides high quality bar code for scanning and accurate patient ID
- Supports text, linear and 2D bar codes, photos and graphics
- Tamper-evident adhesive closure

### ScanBand® Adult Direct Thermal Adhesive Closure

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands/Box
*7042-**-PDM	11,4 cm L x 2,8 cm H	2,9 cm	3,8 cm	13,5 cm	500
*7045-** PDL		2,9 cm	2,5 cm	12 cm	400
7046-**-PDL		2,9 cm	2,5 cm	12 cm	400
*7054**-PDD		2,9 cm	2,5 cm	8,4 cm	340
7343-**PDM		2,9 cm	7,6 cm	15,4 cm	500

Substitute \*\* for numbered colour:

\*7042 and 7054 Style band do not come in 17-Orange

\*Indexing Bar located at perf is compatible with all Zebra Printers

### ScanBand® Adult/Pediatric Direct Thermal Adhesive Closure

Product Number	Information Area	Band Width	Core Size	Outer Diameter	Bands/Box
7022-**-PDM	11,4 cm L x 1,9 cm H	1,9 cm	3,8 cm	13,5 cm	500
*7052-16-PDH		1,9 cm	2,5 cm	8,8 cm	200

Substitute \*\* for numbered colour:

\*7052 Style band is available in White and Red ONLY

## TOP SELLER

*"As we looked at initiatives in our healthcare system, our primary goal was patient safety.*

*We wanted to select a bar code wristband that allowed us*

*to enhance patient safety by positively identifying patients.*

*We have already seen great results in our patient ID process since using ScanBand.*

*Using ScanBand helps eliminate any occurrences of a wrong*

*medical record since it is on the bar code; so, we can guarantee 100% testing of the right patient."*

**- Michael Day**

Director of Clinical Systems Strategy

The Daughters of Charity Health

System

California

# Precision® Bar Code Tags

- Provide a flat surface for best bar code scanning results, eliminating curvature issues
- Eliminate the need of extra wristbands for added patient information
- Accommodate most printers with "Wound In" or "Wound Out" option
- Support text, linear, and 2D bar codes, photo ID and graphics
- Thread easily on patient wristbands for positive patient identification
- Compatible with PDC's Snugfit® and VeriColour® Mother/Infant styles as well as any other bands up to 1,3 cm wide

## Mother/Infant (2 Adult Tags and 2 Infant Tags)

# SENTRY<sup>®</sup> BAR CODE LabelBand<sup>™</sup>

As part of PDC's complete positive patient ID system, Sentry Bar Code LabelBand can help reduce misidentification and medical errors by providing a safe and secure carrier for patient identification. The system positively identifies the patient which supports one of the key elements of the "Five Rights of Medication Safety." Sentry LabelBand offers unsurpassed security, scanability, savings, and comfort compared to competitors' products.

## Sentry® DataMate®

- Special ClearImage® surface for superior label adhesion
- Water-resistant
- Durable, strong, lightweight and comfortable
- Media supports text, linear and 2D bar codes, photos and graphics
- Direct thermal labels included
- Custom imprinting available upon request

### Sentry® DataMate System Adult

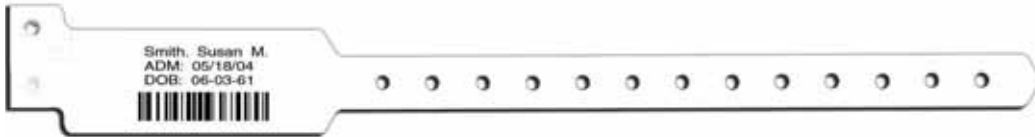

Product Number	Information Area	Bands per Box
5140-**-PDM	9 cm L x 2,5 cm H	500 w/500 thermal labels

Substitute \*\* for numbered colour:

11	13	16	17	33
White	Blue	Red	Orange	Purple

### Sentry® DataMate System Adult/Pediatric

Product Number	Information Area	Bands per Box
5120-11-PDM	5,7 cm L x 2,5 cm H	500 w/500 thermal labels

Available in White ONLY

### Sentry® DataMate System Infant

Product Number	Information Area	Bands per Box
5110-11-PDJ	3,1 cm L x 0,7 cm H	250 w/500 thermal labels

Available in White ONLY

Actual wristband colours may vary slightly from catalogue.

## Insert Style Bar Code Bands

- Snap or adhesive closure
- Media supports text, linear and 2D bar codes, photos and graphics
- Insert cards are included
- Custom imprinting available upon request

### Safeguard® Sealident® Super Wide Adult

- Tri-laminate plastic material
- Adhesive closure
- Water-resistant Sealident pocket
- Will accommodate a 2,8 cm wide Bar Code label

Product Number	Information Area	Bands per Box
881-**-PDJ	8,9 cm L x 2,8 cm H	250

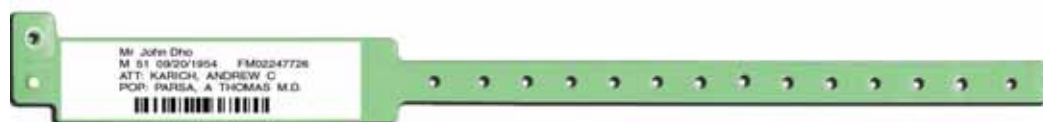

Substitute \*\* for numbered colour:

# BAR CODE LABEL BANDS

## DataMate® Thermal Labels

- Accommodates both bar codes and patient data
- White, heat sensitive thermal surface
- Resists water and alcohol
- Tamper evident slits

Product Number	Information Area	Labels per Box
<b>Adult</b> 9130-00-PDR	8,5 cm L x 2,2 cm H	1,000 labels, 2 rolls/500 each
<b>Adult/Pediatric</b> 9132-00-PDR	6,7 cm L x 2,2 cm H	1,000 labels, 2 rolls/500 each

Imprinting patient information on wristbands is an important standard for many hospitals and healthcare facilities using blue card embossers.

**Imprinter Wristbands** have a special imprinter surface, which protects handwritten and embossed information.

**PDC developed the first Imprinter Wristband in 1982**, and we now offer the most extensive line available in sizes for adult, adult/pediatric, and infant. Choose from multiple materials, including soft vinyl, tri-laminate, and non-stretch polyester. Choice of closures include snap, adhesive, and re-adjustable.

Check out PDC top-sellers **Sentry SuperBand®**, which comes in a water-resistant non-stretch polyester with 7 colours, and soft vinyl **Speedi-Print®** which has a choice of imprint or writing surface (for all embossing machines). Plus, it's available in a unique **Splash Strap** design with rainbow colours.

All PDC Imprinter Wristbands are latex-free and available in custom printing.

# INSERT BANDS

Protect valuable patient information with PDC's **Insert Wristbands**, which feature convenient pockets to protect insert cards and labels from smearing, wrinkling, or scratching.

Select from bands with multiple materials, including smooth soft vinyl and tri-laminate which will not scratch delicate skin. Choose from secure snap, adhesive, or metal closures, and four sizes: adult, adult/pediatric, extra-wide, and infant.

The ever-popular **Safeguard® Sealident®** and **Soft-Lock® Sealident®** feature a patented water-resistant pocket for maximum protection, and the **Veri-Color® 126** comes in a colourful **Splash Strap design**.

**Insert Cards** are included at no extra charge with each box of wristbands. They can also be ordered separately on page 22.

All PDC Insert Wristbands are latex-free and most are available with custom imprinting.

Setting the standard for security, selection, and safety, PDC's **Mother-Infant Wristbands** use a correlated numbering system to positively identify newborns with their mother and other family members.

**Mother-Infant Wristbands** are available in two-part, three-part, and four-part designs, and **Insert style** (with protective pockets for insert cards) or **Imprinter style** (for printing or writing directly on the wristband). Wristbands feature smooth softy vinyl, which is comfortable and safe for sensitive skin. Choose from non-transferable snap or adhesive closures to prevent transfer and tampering. Bar code wristbands print on demand with thermal or laser printers and support text, linear and 2D bar codes, photos and graphics.

**NEW Precision® Neonatal Wristbands** (p. 26) help meet the special needs of patients in the Labor & Delivery and NICU Departments. Constructed of soft, comfortable foam and a hook & loop Velcro® closure, this band can be easily repositioned on the wrist or ankle to accommodate IV site changes. Ensuring the ID band is present on limb—instead of taped to an incubator—provides positive identification. Go to page 5 of the [Bar Code Thermal Printer Bands](#) section to see PDC's **NEW Precision® Infant Thermal Bands**, which provide a flat surface for best bar code scanning results, eliminating curvature issues.

Mother-Infant Wristbands are latex-free and available with custom imprinting.

# MOTHER-INFANT BANDS

# MOTHER-INFANT BANDS

## Ident-A-Band®

- Soft, tubular vinyl material
- Heart shaped plastic snap
- Large, highly visible numbers
- Coloured backing on inserts highlights serial number on bands
- Insert cards are included
- Additional inserts can be ordered

### Consecutive Numbering

#### Mother-Baby-Father (OB) Bands

Consecutive numbering is available in seven formats below. All bands within each set are imprinted with identical numbers. Numbers must appear next to the clip seal.

1. Four digits (0001 to 9999)\*
2. Five digits (00001 to 99999)\*
3. Six digits (000001 to 999999)\*
4. Alpha followed by five digits (A00001 to Z99999)
5. Digit, alpha, four digits (0A0001 to 9Z9999)
6. Double alpha followed by four digits (AA0001 to AA9999)
7. Single alpha followed by four digits (A0001 to Z9999)

\* The leading zeros can be suppressed if desired.

Whether your needs are for short term or long term patients, PDC's flexible and versatile **Write-on** and **Short Stay® Wristbands** can be used in multiple departments. They're ideal for time-saving application in fast-paced environments, such as the Emergency Room, same day surgery, or outpatient use.

**Write-on Wristbands** are available in non-stretch polyester, tri-laminate, and soft vinyl materials with snap or adhesive closure options. Sizes include adult, adult narrow, and adult/pediatric.

**Short Stay Wristbands** include the durable **Short Term Ident-A-Band®**, which accommodates handwritten or card embosser imprint, and **Short Stay®**, which is constructed of tamper-evident Tyvek®, with or without pinfeed holes, and an adhesive closure.

For optimum adjustability and comfort, PDC offers **Xtender Band™** which snaps onto most PDC wristbands to offer 10-15 more centimeters of length.

It's made of a durable, water-resistant material and features a non-transferable, secure plastic snap closure for maximum patient security.

Wristbands are latex-free and available with custom imprinting.

Hospital standardization is spreading for the use of colour-code wristbands to alert staff about patients at risk. More and more hospitals are meeting these important patient safety programs with PDC's **Colour Coded Alert Wristbands**—the number one choice for safety. They're the total solution for accurate alert classification and vivid communication for special patients.

PDC's Colour Coded Alert Bands features include:

- Extra large text provides clarification to clinicians (assisting in dim light conditions or for those who are colour blind).
- Only primary and secondary colours used as indicators.
- Patented SecurSnap® closure prevents transfer of wristbands.
- Wristband options include: non-stretch polyester, translucent soft vinyl and tri-laminate.
- All provide maximum security and comfort.
- Custom logos & cues communicate less common conditions.

Always on the forefront of patient safety initiatives, PDC Colour Coded Alert bands meet state guidelines, including the pioneering Arizona "Safe and Sound" and Pennsylvania and "Colour of Safety" colour coding initiatives.

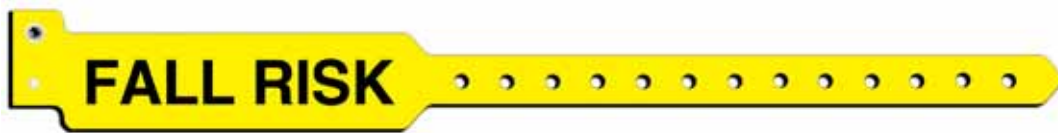

Go to [www.alertbands.com](http://www.alertbands.com) today to view important state information on colour coding initiatives that may affect your hospital.

## Sentry® SuperBand® Alert Bands

PDC's Sentry® SuperBand® Alert Bands are constructed of lightweight, non-stretch polyester with a patented SecurSnap® closure for maximum security.

- Constructed of lightweight non-stretch polyester

Product Number	Information Area	Bands per Box
<b>Adult</b> 824A-16-PDJ	6,7 cm L x 1,9 cm H	250
Available in Red ONLY		

## Alert Logos:

Use custom logos to communicate specific alert conditions. Alert logos can be printed on most PDC wristbands; however, we recommend using the Sentry® SuperBand® series (pg. 30).

<b>DNR</b> #111	<b>FALL PRECAUTIONS</b> #113	<b>LYMPHEDEMA ALERT</b> No Blood Tests, Blood Pressure No I.V. or Injections into this Arm! #5054-37-PDJ				
<b>NO BLOOD</b> #114	<b>LATEX SENSITIVE</b> #112	 Radiation	 No Blood	 Medical Symbol	 Heart Beat	 Cross

Actual wristband colours may vary slightly from catalogue.

Don't let preventable mistakes lead to serious consequences. Match the right patient to the right blood with PDC's **Blood Bands**, which use alpha and numeric serialization for positive identification. Choose from three system options. All provide maximum security and accuracy, help streamline processes, reduce labor, and prevent processing errors.

**Securline® Blood Band and Blood Band Plus**

Soft tri-laminate wristband features 23 easy-peel labels and tamperproof SecurSnap® closure for maximum safety. Blood Band Plus features a peel-off self adhesive tail that applies to draw tubes.

All Blood Band wristbands are latex-free.

# BLOOD BANDS

## Securline® Blood Bands

The top wristband choice of hospitals and blood centers to reduce misidentification errors, while increasing patient comfort and safety. Wristband features 23 easy-peel labels and tamperproof SecurSnap® closure for maximum security.

- **SecurSnap® Closure:** prevents transfer and tampering
- **Easy-to-Read Data Area:** a large, white surface offers clear and easy readability which can help reduce medical errors
- **Efficient Easy-Peel Labels:** includes 23 easy-peel labels (more than any other blood band style) for quick ID and tracking of specimens
- Each box includes one Xtender Band™ for larger patients (to order additional Xtender Band™ see pg 29)
- Intended for in-patient use
- For outpatient use, please utilize 2403 Blood Band with Safeguard Sealident Super Wide 881

## Securline® Blood Band

Product Number	Description	Bands per Box
2403-**-PDB	Securline Blood Band	150 (15 dispenser boxes of 10 bands each)

## #1 Patient Safety Product

## TOP SELLER

*"Our work is based on having the correct blood sample for the right patient. We can't afford not to use a reliable blood band as the integrity of our work and the safety of our patients depend on it."*

- Linda Harvey

Blood Bank Supervisor

Northeast Alabama Regional Medical Center  
Anniston, Alabama

## Securline® Blood Band Plus

- Features adhesive peel-off tail that applies directly to draw tubes

Product Number	Description	Bands per Box
2406-**-PDB	Securline Blood Band Plus	150 (15 dispenser boxes of 10 bands each)

Substitute \*\* for numbered colour:

Actual wristband colours may vary slightly from catalogue.

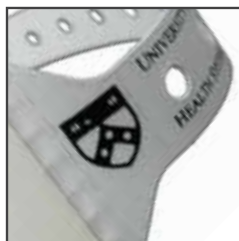

## Custom Wristbands

Customize your wristband by having PDC print your hospital name, logo, message, or choose from our Funband® characters listed below. Simply call **+32 67 89 56 56** to get your order started. Please note the following guidelines:

- Custom imprinted products are not returnable
- Sample layout must accompany order
- Most wristbands can be imprinted with hospital name, serial number, logo, etc.
- Repeat imprints are shipped within 10 working days
- New imprints are shipped within 10 working days after artwork approval
- Please note that wristband artwork on file will be discarded after two years of account inactivity
- **Minimum order: 2 boxes per imprint per wristband style**
- Pricing: Call Customer Care for pricing information

## Examples of custom printing options

Email: [info@pdc-europe.com](mailto:info@pdc-europe.com)

## Artwork Specifications

Logos: Please submit **CLEAN, BLACK AND WHITE LINE ART**. Tones and screens need to be converted to solids. Broken lines, weak lines, or smeared art cannot be imprinted. **WE CANNOT USE FAXED ARTWORK OR LOGOS COPIED FROM A WEB PAGE**, although our art department may be able to fix lower quality artwork to a certain extent. If black and white line art is not supplied for logos and special designs, you may be billed for art charges.

For customers who wish to send digital artwork via e-mail, we accept these standard graphic formats: **eps, ai, tiff, and jpeg (300dpi)**. Illustrator files and PC format are preferred. Please convert all text to outlines. E-mail to [artwork@pdcorp.com](mailto:artwork@pdcorp.com). Please include your organization/business name, contact name, and phone number in your e-mail message.

**Why do you need black and white line art?** The custom printing process involves creating a printing plate of your solid artwork to print onto the wristband. Think of a rubber stamp. A rubber stamp only prints one solid colour impression onto the surface.

We cannot use logos/artwork that are copied from a web page as these images are low resolution and will produce a jagged, pixelated imprint.

No tones or screens (gray area).

Art with broken lines, weak lines or smeared or faxed art cannot be accepted.

Artwork needs to be clean, black and white line art.

Safety, security, and comfort make PDC's healthcare products the top choice of today's hospitals. Choose from the following reliable solutions.

#### **Labor and Delivery Products**

PDC's premier lines of obstetric and pediatric products provide safe and healthy starts for new mothers and their infants. From infant foot printers, PDC meets your labor and delivery needs.

## Labor & Delivery Products

### Kleen-Print® Footprinter

- Clean and easy to use
- Ink does not come into contact with baby, mother or nurse
- Designed with micro-thin film which prints on any type paper stock
- Newborn ID forms sold separately (see below)

**Product Number**  
3100-00-PDE

**Packaging**  
25/box

### Quick-Print® Newborn Disposable Footprinter

- Economical and easy to use
- Provides quick, identifiable prints every time
- Unique plate design provides secure gripping area
- Convenient one-piece dispenser pack shows product level at a glance
- Newborn ID forms sold separately

**Product Number**  
3101-00-PDG

**Packaging**  
4 boxes of 25/case

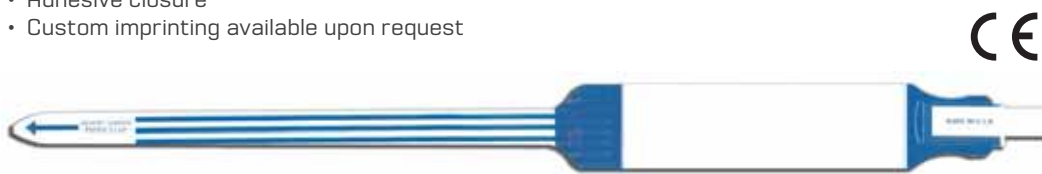

## Post Mortem ID

PDC is the preferred choice for identification. Our anklebands provide peace-of-mind to deathcare professionals by assuring a caring touch, while meeting the respectful standards desired in caring for the deceased. Secure tri-laminate anklebands are available in adhesive closure with assorted colours to aid with classification.

# Why Hospitals Choose PDC as #1

For over 50 years, hospitals have made **Precision Dynamics Corporation the #1** provider of **Patient Identification Wristbands**. Here are a few reasons why more hospitals choose PDC than all our competitors combined.

- **1. Over 50 Years of Experience & Innovation.**

Since 1956, PDC has been the number one choice for the most reliable wristband solutions in healthcare. Since that time, we've been acknowledged as the industry leader by volume of repeat business, scope of product, and customer satisfaction. Every day hospitals and organizations in over 100 countries worldwide rely on PDC products.
- **2. An Unparalleled Passion for Patient Safety**

PDC's top obligation is ensuring that patients receive the utmost safety and security through positive patient identification and reduction of medical errors. Our customers convey that no other company recognizes and acts on this objective quite like PDC.
- **3. Quality, Quality, Quality.**

PDC products are constructed, designed, and tested to the highest quality standards. We are the only wristband-focused company to earn ISO-9001: 2000 and ISO-13485: 2003 certification, reflecting our commitment to 100% quality in service, design, and manufacturing. Nobody provides higher quality product than PDC.
- **4. Leading the way with "Firsts" and New Products.**

PDC designed the first single-piece patient wristband, the first bar code patient wristband, and the first Smart Band® RFID wristband system. Our products are designed to meet changing identification technologies to meet your needs today, tomorrow, and for the future.
- **5. Choices, Choices! No One Offers More Wristband Solutions.**

Whether it's PDC's wide array of "human readable" wristbands or our auto ID solutions, including bar code and RFID, no other company provides the selection of wristband systems. Choose from options including: Bar Code, RFID, Imprinter, Color-Coded Alert, Insert, Mother-Infant, Blood Band, and more. And PDC has the accompanying labels for every wristband option!
- **6. Customer First Philosophy**

You can depend on the experienced PDC Inside Customer Care Team to handle every stage of your ordering process knowledgeably, efficiently, and courteously. Our customer-first philosophy is based on 100% satisfaction—before, during, and after your order. PDC is the only wristband company that features a Customer Satisfaction Survey on its web site: [www.pdcorp.com/survey](http://www.pdcorp.com/survey). We listen, follow-up and act on customer input, which we treat as gold.
- **7. Personal Attention from a Strong & Reliable Sales Team**

PDC customers value the personal attention they receive from their Sales Representative. Customers are quick to comment why their salesperson is a solid cut above the competition.... Product knowledge, flexibility, sense of urgency, dependability, and trust are characteristics you can expect when partnering with PDC.
- **8. At the Forefront of Advanced Technology**

As the pioneer of automated wristband technology, PDC provides reliable solutions with our market-leading bar code and RFID solutions. More hospitals use PDC's bar code wristbands than any other bar code band in the world. They meet the guidelines of the FDA, JCAHO, and HIPAA for maximum patient safety, while minimizing the risk of lost or transferred data.
- **9. Value (with a capital 'V')**

Whichever PDC wristband system you choose, you'll receive maximum value...value in products...value in price...value in service....that's been the PDC way for over 50 years. Based on overall customer satisfaction, PDC value in products and services is unmatched in healthcare today.
- **10. Powerful Strategic Alliances**

PDC joins forces with the world's leading companies to provide total solutions for today's networked world.

Call PDC today, try our products and services, and see for yourself why we're **#1 in Healthcare**.

[www.pdc-europe.com](http://www.pdc-europe.com)

From its inception in 1956, the focus of Precision Dynamics Corporation has been on quality and innovation. PDC created the first single-piece patient ID wristband, which later became the system of choice for hospitals worldwide. With steady growth, PDC blazed new trails and set new standards developing identification solutions with one-of-a-kind technologies.

Today, PDC is the pioneer and major force in the global market, leading the way with cutting-edge solutions for multiple applications. Powered by strategic alliances with the most technologically advanced companies, PDC is committed to providing the best identification solutions in the world with 100% customer satisfaction.

PDC is committed to 100% quality in service, design, and manufacturing. This is substantiated by our ISO-9001: 2000 and ISO-13485: 2003 certification at our main facility in San Fernando, CA.

Product names, company names, marks, logos and symbols mentioned herein are trademarks or registered trademarks of Precision Dynamics Corporation or of their respective companies.
