

CENTRAL STERILE

PDC offers a full range of products for Central Sterile including Correct Medication™ sterile labeling kits which help eliminate the potential for operating room errors. We also feature our indicator tapes for autoclaves and color-coded autoclavable instrument marking tape for use in sterile applications.

- **STERILE & NON-STERILE LABELING KITS**
- **AUTOCLAVE TAPES**
- **INSTROMARK® TAPE**

CENTRAL STERILE PRODUCTS

Meet these Joint Commission Patient Safety Goals & Standards

Goal #1:

Improve the accuracy of patient identification.

Goal #2:

Improve the effectiveness of communication among caregivers.

All PDC Central Sterile products are latex-free and some are available with custom imprinting.

CORRECT MEDICATION STERILE KITS

CENTRAL STERILE

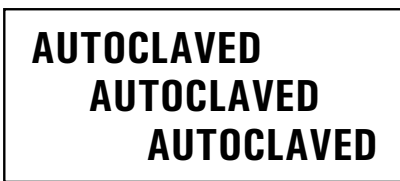

Clearly Identify All Medications on the Sterile Field.

PDC has a variety of Sterile Correct Medication and Specimen Labeling Kits, including pain management, the ER, the operating room, the Cath lab and more. Our Sterile Kits assure that healthcare facilities comply with current Joint Commission and AORN recommendation & guidelines as outlined in Goal #3D: "Label all medications, medication containers (i.e., syringes, medicine cups, basins), or other solutions on and off the sterile field in preoperative and other procedural settings". Our sterile Kits contain labels that are moisture and smear resistant. Our labels will not tear or fall off even when dipped in saline, water or formalin and make verification of medications easy and accurate for every team member. For more information on Sterile Correct Medication Kits, please contact your Account Executive, or our Customer Care Division at **1-800-323-4840**

Indicator Tape for Autoclaving

This tape is imprinted with the word "AUTOCLAVED" or "Stripes" that appear after fifteen minutes of exposure in a steam autoclave set for 250°F. The advanced adhesive assures easy application, strong adhesion, and clean removal from the autoclaved items.

| Autoclaveable Indicator Tape | | | | | |
|------------------------------|------------|-------------|-----------|-------------------|---------|
| Product Number | Tape Width | Tape Length | Core Size | Material/Adhesive | Qty. |
