

CHILDREN'S ID WRISTBANDS

YOU WOULDN'T LEAVE HOME WITHOUT YOUR ID... SO WHY SHOULD YOUR CHILD?

As all parents know, your child's safety is priceless! Whether at a public event, the supermarket or a play area full of other children, no-one can completely eliminate the risk of their child getting lost. VIP®Band has developed children's ID wristbands in order to avoid this danger and reassure parents.

Thanks to the VIP®Band wristbands, even if a child gets lost, an adult will always be able to identify them and return them to their parents!

Comfort first and foremost! VIP®Band wristbands are made of soft, hypoallergenic material and designed to fit children of all ages perfectly. They are waterproof and disposable with an adjustable fastening which makes them easy to put on. Your child will not be able to tear or take the wristband off, even in demanding environments like at the beach or the swimming pool.

Protect your children
