SENTRY[®] BAR CODE LabelBand[™]

NEW!

As part of PDC's complete positive patient ID system, **Sentry Bar Code LabelBand** can help reduce misidentification and medical errors by providing a safe and secure carrier for patient identification. The system positively identifies the patient which supports one of the key elements of the "Five Rights of Medication Safety."

Sentry LabelBand offers unsurpassed **security, scanability, savings, and comfort** compared to competitors' products.

Solutions you can identify with.™

SENTRY® BAR CODE LabelBand™

Security & Safety

- n Non-transferable, secure plastic snap provides maximum security, as opposed to adhesive closures

Scanability & Functionality

- n Wristbands support text, linear and 2D bar codes, photos, and graphics
- n Clear adhesive shield helps provide easy and accurate bar code scanning and optimal protection from water, solvents, and other abrasives
- n Large label area accommodates both laser and thermal labels
- n Provides carrier for capturing data for medication administration, point-of-care-testing (POCT), transfusion verification, specimen collection/tracking, and patient charging
- n Helps reduce labor with an easy three step application

Comfort & Quality

- n Soft, smooth, and non-abrasive to sensitive skin
- n Water-resistant, durable, and strong, yet lightweight and comfortable
