

IMPRINTER BANDS

Imprinting patient information on wristbands is an important standard for many Healthcare organizations using blue card embossers. Imprinter Wristbands have a special imprinter surface, which protects handwritten and embossed information.

PDC developed the first Imprinter Wristband in 1982, and we now offer the most extensive line available in sizes for adult, adult/pediatric, and infant. Choose from multiple materials, including soft vinyl, tri-laminate, and non-stretch polyester. Choice of closures include snap, adhesive, and re-adjustable.

- **IMPRINTER BANDS**
- **INFANT IMPRINTER BANDS**

IMPRINTER BANDS

Meet these Joint Commission Patient Safety Goals & Standards

Goal #1:

Improve the accuracy of patient identification.

Goal #2:

Improve the effectiveness of communication among caregivers.

All PDC Imprinter Wristbands are latex- free and some are available with custom imprinting.
