

PHARMACY

PDC pharmacy labels are compatible with pharmacy information systems and automated dispensing systems to provide seamless integration and interoperability. When used with a closed-loop medication administration system, PDC labels help ensure safe medication administration through the Five Rights of medication management: Right Patient, Right Medication, Right Dosage, Right Time, and Right Route.

- **AUTOMATED SYSTEM LABELING SOLUTIONS**
- **PHARMACY INFORMATION SYSTEM LABELS**
- **GENERAL IV LABELS**
- **UNIT DOSE LABELING SOLUTIONS**
- **WARNING LABELS AND DISPENSERS**

PHARMACY PRODUCTS

Meet these Joint Commission Patient Safety Goals & Standards

Goal #3:

Improve the safety of using medications.

Goal #8:

Accurately and completely reconcile medications across the continuum of care.

All PDC Pharmacy products are latex-free and some are available with custom imprinting.

AUTOMATED SYSTEM LABELING SOLUTIONS

PHARMACY

Pyxis® MedStation™ System Solutions

Automated Pharmacies are an integral part in today's hospitals. PDC's thermal paper products are designed for use with all MedStation™ systems, including the new MedStation™ 4000, which are advanced point-of-use systems that automate the distribution, management, and control of medications. MedStations™ can be found on various hospital floors which will generate a paper receipt displaying key medications and patient information.
