## Children's wristbands

All parents know that the safety of their children is priceless. Whether in the supermarket, at a popular event, at the beach or in a summer camp or amongst other children, no one can avoid the risk of losing his/her little angel. It is in a bid to prevent this danger and reassure both parents and children that VIP®Band designed these identification bracelets for children.

Equipped with a tamper-proof seal, our bracelets perfectly fit the child's morphology, irrespective of his/her age. You just need to inscribe important information such as your child's name and mobile telephone number on it.

Protecting your child by pleasing him/her with one of our numerous bracelets in the colours of his favourite figures is now possible!
