PDC is the global leader and pacesetter in the development of identification wristbands and quality healthcare products.

IDENTIFICATION WRISTBANDS

Setting the standard for security, selection, and value, PDC wristbands are the number one choice in today's hospitals. For over 45 years, our company slogan "products you can identify with" has reflected this mission!

PDC is ISO-9001 certified by the International Standards Organization, representing the finest in product, service, design and manufacturing. We are constantly at the forefront of technology in developing identification management products for healthcare providers.

Mother/Infant/Family Bands Imprinter and Insert Styles

- Correlated numbering system positively identifies baby with mother and other family member(s).
- Choose from Insert style (with protective pockets for insert cards) or Imprinter style for printing or writing directly on the wristband.
- Choose from four-part, three-part, and two-part band designs.
- Smooth, soft vinyl is comfortable and safe for sensitive skin.

SnugFit® Wristbands

- Specially designed tamperproof and secure seal closure can be re-adjusted with a gentle tug.
- Free from sharp clasps, metal edges, or snaps.

Distinguish your wristbands with custom imprinting!

Promote your hospital or special event in style with custom imprinting on wristbands. Print your hospital name, logo, or any slogan. A popular option for maternity wards are wristbands for relatives that display "I'm A Big Brother", "I'm A Big Sister", "I'm A Grandparent" etc. Patients and visitors really appreciate this special touch!

NEW Radio Frequency ID (RFID) Wristbands The Brand New Wave in Wristband Technology

RFID is the next logical step in wristband identification after bar coding. At the forefront of this new technology, PDC presents Smart Band® RFID wristbands.

Smart Band contains a microchip and antenna, which allows information to be written to and retrieved by RFID scanners. Ideal for healthcare facilities, the Smart Band system provides wireless communication for safe and accurate patient ID, tracking, and processing.

Find out more about the wristband of the new millennium by visiting www.smartband.com or call 800.847.0670 x.1549.

INFANT FOOTPRINTERS

Kleen-Print®

The top choice in infant footprinters, PDC's Kleen-Print is quick, versatile, and easy to use. The system is designed with micro-thin film that prints on any paper stock, while conforming to the tiniest ridges of the infant's foot and mother's thumbprint.

- Ink does not come in contact with baby, mother, or healthcare personnel. Top side remains clean at all times. No clean-up needed.
- Convenient and quick one-step process.
- Accommodates two baby footprints and mother's thumbprint.

CATALOG NUMBER	DESCRIPTION	PACKAGING
3100-00-PDE	Kleen-Print Footprinter	25/box

Quick Print®

Economical in both form and price, Quick Print is a uniquely shaped footprinter plate that features side grips for safe and secure handling.

- Provides quick, identifiable prints every time.
- Plates are coated with non-irritating ink on one side.
- Convenient one-piece dispenser pack shows product level at a glance.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
3101-00-PDG	Quick Print Footprinter	4 boxes of 25/pack

Footprinting System Accessories

For your convenience, newborn identification forms and clipboards can be ordered separately. Forms have space for birth information and impressions of baby's footprint and mother's thumbprint.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
2010-00-PDA	Newborn Identification Forms	50/pad
3900-00-PDA	Clip Board	1 each

OBSTETRIC PRODUCTS

Umbilical Cord Clamps

Designed for precision, safety, and value, PDC's Umbilical Cord Clamp constricts the umbilical cord to prevent seepage as the cord dries and shrinks after birth.

- Dual gripping surface provides stability and comfort.
- Protected locking feature ensures that clamp will not open accidentally.
- Sterile clamps are packaged in dispenser boxes. Non-sterile clamps come in bulk packs.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
3505-00-PDO	Sterile Umbilical Cord Clamp	125/box
3515-00-PDJ	Non-Sterile Umbilical Cord Clamp	250/box

Umbilical Cord Clamp Clipper

PDC's Umbilical Cord Clamp Clipper is designed to safely and cleanly cut the clamp off the umbilical cord.

- Easy grip provides stability and comfort.
- Single-use eliminates possibilities of cross contamination.
- Each clipper is individually packaged in a label seal glassine pouch.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
3540-00-PDO	Umbilical Cord Clamp Clipper, Clean	6

Amniotic Membrane Perforator

Designed with a focus on safety, PDC's Amniotic Membrane Perforator (10 1/2" L) securely ruptures the amniotic membrane with minimal risk of trauma to the fetus or mother.

- Sterile plastic perforator allows user to snag the membrane, preventing injury to fetus.
- Protected, rounded point provides additional safety during insertion.
- Straight handle with non-slip contoured surface for optimal control and comfort.
- Packaged in 100 individual pouches inside a convenient dispenser box with a "level window" for easy monitoring of remaining quantities.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
3550-00-PDG	Amniotic Membrane Perforator	100/box

Fetal Monitoring Straps

Providing maximum patient comfort, latex-free Fetal Monitoring Straps secure external monitoring devices to a patient during labor. Straps are available in pink and blue colored pairs—one to monitor patient contractions and the other to monitor baby's heart rate.

- Choose from Velcro® closure or Buttonhole style, which fastens with a pin.
- Features soft polyester felt on bottom side and elastic knitted fabric on top.
- Shrink-packaged in pairs.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
3565-00-PDF	Velcro Style Strap	50 pairs/case
3560-00-PDF	Buttonhole Style Strap	50 pairs/case

PATIENT COMFORT & CARE PRODUCTS

Pediatric Urine Collectors

The versatile design of PDC's Pediatric Urine Collectors provides a comfortable fit for infant or pediatric use (male or female). Choose from sterile or clean collectors.

- Opening is completely surrounded with adhesive for a leak-proof fit and clean urine specimen.
- Enlarged foam area provides easy access and comfortable fit, while keeping wall of connector open.

PRODUCT NUMBER	DESCRIPTION	PACKAGING
05001-00-MCF	Clean Collector	50/box
05001-00-MCM	Clean Collector	50/box 500/case
05002-00-MCF	Sterile Collector	50/box
05002-00-MCM	Sterile Collector	50/box 500/case

Infant Armboards

PDC's Armboards provide maximum comfort and support during intravenous procedures. Choose from three designs: disposable, disposable foam, and reusable.

- Disposable foam armboard facilitates air circulation for added comfort.
- Standard disposable and reusable styles have heavy-duty cushioning for solid support.

Pictured left to right: Disposable Foam, Disposable, Reusable
