

PRECISION[®] NEONATAL WRISTBANDS

NEW

Precision Dynamics Corporation (PDC) introduces the new Precision[®] Neonatal Wristband to help meet the special needs of patients in the Labor & Delivery and NICU Departments. Available in two sizes, this moveable ID band offers newborns and premies the highest quality, convenience, and comfort.

Neonatal Wristband features include:

- Constructed of soft, comfortable foam
- Secures with a VELCRO[®] closure
- No cutting necessary
- Easily repositioned on wrist or ankle to accommodate IV site changes
- Ensures ID band is present on limb instead of taped to incubator, guaranteeing positive patient identification
- Blank ID panel accepts handwritten information or label (max. label size 1" x 2 5/8")
- Plastic coated labels are recommended to resist the elements and preserve the integrity of the print and bar code
- Recommended PDC labels: 9132-00-PDR, 9140-00-PDM & 9145-00-PDM
